THE STUDENT WEEKLY

WEDNESDAY, FEBRUARY 7, 1968

Convention Delegates Chosen; Kampus Vue Asks For \$1500

The first S.G.A. meeting of 1968 was held on Wednesday, January 31 at 6:30 p. m. Present were Thomas Christensen, Bob Audette, Anne Courtney, Paul Celuzza, David Lane, Linda Hansen, Susan Page, Joe McDonough, Don Buraham, William Benson, Paul Romano, Joan Ianitelli, Peggy Crawford, Bob O'Reilly, and Carol Robin. Robert Day, Pat Murphy and Anne Hawkesworth were represented. Rich Maiolo and Ray Marhefka were late but missed only the votes on the acceptance of the reports. Absent were Linda Machler, Peggy Pillion, Lenny Williamson, Dianne Koslowski, Carolyn Williams, Frank Heidenrich, Eileen Quinn, Kathy Ellia, Maureen Grier, John Picone, Francis Baran, and Linda Swide.

A report by Anne Courtney on the activities of the Executive Board was the first order of business. She announced that the Board had approved the Math Club constitution, granted the W.A.A. permission to charge admission to its Feb. 3 volleyball game, and chosen delegates to the New York convention. Selected were Anne Hawkesworth, Linda Hansen, Leon Kurasowicz, David Lane and Anne Courtney.

Paul Celuzza then reported on the Financial Committee meeting. He informed the Council that the Newman Club had been granted permission to charge admission to its March concert. Paul explained that since the club was not subsidized by the S.G.A. and was using its own funds for the concert, admission could be charged. He also announced that the sophomore class had been granted permission to charge admission to its concert Sunday. Both decisions are in accordance with the bylaws of charging and soliciting set up by the Council.

Next, Tom Christensen called attention to Paul's motion that the S.G.A. reconsider the motion to approve \$740.85 for the payment of Paul Audette's outstanding medical bills. The Council had previously voted not to pay the bills. A paper from Thomas Battinelli, Director of Athletics, which outlined the situation was distributed to Council members. Paul Audette then explained the matter more fully. He stated that he fractured his left knee last spring in a softball game at Coolidge Park and as a result accrued bills totaling about \$1200. His school insurance policy covered up to \$1000. But this conflicted with the \$500 S.G.A. policy with the same company. In accordance with a little noticed rider attached to the policies, the lesser amount took precedence. This left Paul with bills totaling about \$700. He explained that if the bills were not paid immediately, two law suits would be filed against him. Therefore, he requested that the S.G.A. pay the amount exceeding its insurance coverage. Paul concluded by stating that if the Council decided not to pay the bills, Mr. Battinelli intended to withdraw the amount from the athletic funds. He then left and the matter was opened for discussion. Bob Audette (who is in no way related to Paul) spoke in favor of paying the bills. He stated that a precedent had already been set by last year's Council in the case of Bob Pariseau, whose outstanding bills of \$528.80 were paid from S.G.A. funds. He pointed out that actually the whole matter was inherited from the previous Council. After a brief discussion, the matter was voted on, with the result that the Council agreed to pay the bills.

Bob Audette then brought up the question of renewing our present insurance policy, which expires at the end of the school year. To prevent future policy conflicts such as

PC Recruiters At FSC

Attendance Regulations Unchanged

FSC's attendance regulations remain unchanged says President James Hammond in answer to the many students who have heard rumors to the contrary. He noted, however, that a proposal was forwarded to the Faculty Senate in December by the Administrative Council, suggesting some reforms. The initiation of any new attendance regulations is dependent upon the resolutions of the committees involved. President Hammond also noted that there are no changes in the second semester calendar.

The attendance regulations listed in the Student Handbook are:

Students are required to attend classes unless they have a valid reason for absence.

When a student has reached a 10% level of absence, e.g.:

2 absences in a class that meets once a week.

3 absences in a class that meets twice a week.

5 absences in a class that meets three times a week.

6 absences in a class that meets four times a week.

8 absences in a class that meets five times a week.

his record will be reviewed.

In cases of serious illness involving a doctor's care, students should file a statement from the doctor in the Dean of Men or the Dean of Women's office. Boarding students should consult the nurse before missing classes for illness and should receive a note from her.

School business absences (field trips, soccer, baseball, exchange programs, etc.) are documented by the college.

Dr. Robert Greene

Peace Corps recruiters, Paula Franke and Eugene Skowronski, will be on campus February 12, 13 and 14. They will address several classes during their visit and will be available to answer questions in the lobby of Thompson Hall.

On Tuesday, February 13, a colorful and informative film, **Brazil — One Step at a Time** will be shown in Weston Auditorium during the all-college period. Both Paula and Gene will be present during the question and answer period following the film.

From noon on Tuesday, the Peace Corps exam will be given in S-101. This is a half-hour Modern Language Aptitude Test which requires no previous knowledge of a foreign language. Testing will also be available by special appointment interested students should contact Mr. Joseph Angelini in S-230.

A native of Connecticut, Mr. Skowronski received his AB in history from Harvard University in 1965. Gene was assigned to a special basketball — urban community development program in Uruguay. He traveled extensively through South America, visiting Brazil, Argentina, Paraguay, Chile, Bolivia, Peru and Jamaica.

Venez a la Bibliotheque

Have you found anything challenging and rewarding lately? If you haven't the French collection in the FSC library will satisfy any searcher. In the stack area there are well over 500 paperback books ranging from classical Moliere to existential Satre. One can find in the periodicals section Realites and the Paris Match, magazines presenting the French views on world news and literary and artistic achievements. The reference area contains beautifully illustrated books on geography, history, and art, and in addition to the regular French-English dictionaries, there are books of proverbs, rhymes, and etymology. **Le Dictionnaire des Difficultes de la Langue Francaise** is also available to those who have minor problems in French.

According to Mr. Pierre Pinet, chairman of the Language department, students in the A.B. or French minor program will find that these materials may be useful supplements to other areas of study, such as history or English. Acquiring a second degree is essential for better teaching appointments, and the experience obtained by continued use of a foreign language will facilitate the application of basic courses studied on the undergraduate level.

ment program in Uruguay. He traveled extensively through South America, visiting Brazil, Argentina, Paraguay, Chile, Bolivia, Peru and Jamaica.

Paula Franke, a 1965 graduate of Hunter college with an AB in French, spent her first year in the Corps as the only volunteer at a site in southwestern Turkey where she taught English in the equivalent of the junior high school. She also helped organize sports activities for the students and taught an adults' English class in the evenings.

During the summer, Paula organized an English program at a Peace Corps camp in Adapazari which attracted the best English students from the area to further their studies. Her second year, she taught English at Middle East Technical University in Ankara.

Blood Needed

Fitchburg's blood banks are in the red. In an effort to replenish their supply, the Red Cross chapter in Fitchburg has set a goal to get as much blood as possible. Two-hundred pints per day is the normal quota for a bloodmobile. However, the crisis is acute, and no minimum has been established.

You can assist in this cause by coming to the State Armory at Fitchburg on February 20 and 21 between 11 a. m. and 4:45 p. m. Anyone in good health over 110 pounds, and between the ages of 18 through 59 can give blood. At the time of each donation, written parental consent for those 18 through 20 is required EXCEPT for those who are in the Armed Forces or married. After your first donation you will receive a card showing blood type, and you may give blood every 8 weeks and up to 5 times within a 12-month period. For donor and recipient protection, each donor is asked about his medical history, such as past illnesses. Vital signs (blood pressure, temperature, respiration) are taken by registered nurses under the supervision of a physician, who is in constant attendance.

Individual donors may secure blood for themselves and members of their immediate families any time within one year from date of donation by calling their local Red Cross Chapter. Groups organized to recruit donors from their own membership regularly and adequately may secure blood for themselves and their immediate family members by calling their group Blood Chairman.

FSC Graduate Is Commissioned Second Lieutenant In U.S. Air Force

San Antonio — Betty A. Koocherook, daughter of Mr. and Mrs. Stephen H. Koocherook of 2 Hoover st., Leominster, Mass., has been commissioned a second lieutenant in the U.S. Air Force upon graduation from Officer Training School (OTS) at Lackland AFB, Texas.

Lieutenant Koocherook, selected for OTC through competitive examination, is being assigned to Randolph AFB, Texas, for duty with the Air Training Command.

The Lieutenant, a 1962 graduate of Leominster High School, received a B.S. degree in 1967 from FSC.

Editorial - -

Quiet Noise. A Sequel

Your time to become involved in current issues has now come. If you have been waiting for someone else to start the ball rolling, wait no longer. Kampus Vue will start it for and with you.

Editorially, the newspaper has attempted to stimulate the college community to publicly respond to national controversies. Now we hopefully wish to stir the student body into taking local, concrete action.

Would you like to:

- know about student rights?
- engage in a discussion on these rights?
- see experimental "underground" films?
- express your opinions on campus life and drugs?
- know what student teachers think about student teaching?

These are some of the vital topics on which your newspaper will be reporting with your help.

KV's staff is presently looking for discussion leaders to meet with those who have completed their semester of student teaching. Members of the staff are also corresponding with student rights leaders to have them speak at the college; negotiating to present a series of underground films; and preparing questionnaires to sample campus opinion on politics, drugs, and college issues.

Where do you fit in these ambitious plans? The staff needs your help as discussion leaders and report synthesizers. Success of these ventures also depends on your attendance at the rights lectures and at the showings of the films, and also your candid responses on the questionnaires.

If you are ready to be counted as a member of a free, thinking, active academic community, volunteer for work on the organizational committees and participate in the events.

All interested collegians should send their names and mail box numbers to the Kampus Vue and indicate your preference for committee work.

Return Requested!

Recently the library administrators were reluctantly forced to close the stack area in the college library. Their reason for promoting such action is substantial and precautionary. Since last spring approximately 500 books have not been returned. The library's measures will insure against further damage to the collection.

For those students who have not returned books since last spring or before, a box for the books will be placed near the post office in Thompson Hall. All one has to do is to place the books in the box and just walk away. The librarians are only asking for the return of the books. No further action is pending.

R. P.

Ed. Note—

We wish to remind the student body that it is our policy not to print any material submitted without a signature. Names will be withheld if desired. Material acquired to this point will be held until identified by the writer.

The staff of the KV wishes to express its sympathy to John Mazeika, Registrar, on the recent death of his mother.

LETTERS TO THE EDITOR

Dear Everyone:

I feel as if I have to write this letter as what I am going to say not only disturbs me but very many other students and teachers, especially Mr. Battinelli.

At the recent Plymouth-Fitchburg basketball game (only to use this game as an example because it involves all the games), I sat on the home side. After the game I was never so ashamed and utterly disgusted at the lack of respect and the lack of common courtesy (which isn't so common here) offered by a dozen or so "students" — using the term loosely.

Throughout the entire game these Pre-adolescent men ridiculed and harassed all the Plymouth players and their cheerleaders. It is expected to harass an opponent, but their manner was completely asinine. Had I any authority, they would have been ejected and not allowed to attend any more games. Mr. Battinelli was force to come over and stop the whistling which occurred when the other team was shooting fouls.

Go to any other college and our team is treated with respect and courtesy, yet let a team come here and they are treated horrendously. How much prouder I would have been had we applauded their cheerleaders and had given recognition to their team which had played a terrific game. When I go to a game, I go to see good competition not a fight.

In college we are supposed to be mature adults because when we graduate we are — by law. So why don't we start acting grown up instead of junior highish — why some of those junior highers have more manners than these dozen ignorant zebuish zombies.
K.J.H.P.

Dear Editor:

I wish to comment on the procedure which was followed concerning the SGA election for Corresponding Secretary. When the results were published, it was noted that the total number of votes represented approximately fifteen per cent of the student body. I agree that this is indeed a very poor showing of students who are concerned and interested with the functioning of the Student Government Association.

However, I also must ask whether this percentage would have increased if the junior and senior nurses had been permitted to vote. It is a well known fact that these students are off campus on Mondays and Tuesdays. It is my understanding that a two-day election period is provided for in the SGA by-laws. Why hasn't this provision been acted upon?

I realize that the nursing majors constitute a small percentage of the student body, but we are concerned and interested members of that body and would appreciate recognition as such.

Sincerely,
Helen M. Imbernino
Nursing, 1969

FOUND A man's watch. Silver with a silver band. It was found in the cafeteria. The band is broken. It is now in the Business Office. The owner may obtain the watch by identifying it.

On Wednesday, January 31, 1968, the Fitchburg State College Library adopted a drastic change in its method of operation. The library stacks which had been open to the student body were closed and a system of call slips initiated. This change in policy was adopted with great reluctance by the library staff. It is our belief that we exist to provide a necessary service to the college, not to place obstacles in the student's path to academic achievement. However, the quality of this service is directly related to the availability of library material for use by the students and faculty of the institution served by the library. When it became evident that the rate of book loss was assuming some alarming proportions, the decision was made to close the stacks. It was a decision based upon our responsibility for the development of the college library as quickly and effectively as possible. Recognizing that it would mean an inconvenience for both the staff and the students, we could think of no workable alternative that would enable us to provide the best possible library in the shortest possible time.

William T. Casey
Librarian

New Library Hours

Beginning Monday, January 29, 1968 the library schedule will be as follows:

Monday to Thursday 8 a. m. to 9:30 p. m.
Friday 8 a. m. to 5 p. m.
Saturday 9 a. m. to 1 p. m.

Ed. Note—

Executive Board gave WAA permission to go before Financial Committee to request permission to charge at a volleyball game. They did not give WAA permission to charge as was stated in the above article.

SGA

(Continued from Page 1)

Paul Audette experienced, he suggested that we accept bids from other companies. At this time we could also increase

our coverage. Bob offered an alternative solution to the problem of conflicting policies. This would be to have no insurance policy at all. However, he pointed out that this would require a written statement from every student participating in sports which absolve the Council from all blame in case of injury. There was a brief discussion on possible courses of action, which resulted in a motion by Tom Christensen that a committee be set up to investigate present and possible future insurance plans. The motion also provided that we accept our present coverage as the maximum. The motion was passed.

A motion by Joan Ianitelli that the library set up some facility where students may smoke was then brought up. At the request of Paul Celuzza, she withdrew the motion. Paul then made a motion to have the S.G.A. Library Committee meet and suggest library improvements. This was passed. In answer to Leon Kurawicz's suggestion that the committee propose a remedy for the large number of books stolen, Tom Christensen stated that the Executive Board was at the present time meeting with the library staff concerning the matter.

The last order of business was a motion by Leon Kurawicz that the Council allow the KV to go before the Financial Committee to request \$1500. Leon explained how the \$3000 that the S.G.A. had allotted the KV had been spent. He stressed that he had not set up the budget that was submitted to the Council and that that budget was for a monthly rather than a weekly paper. Permission to go before the Financial Committee was granted.

The meeting then adjourned until 6:30 p. m. on Monday, February 5.

Philodemics, 11-1, Capture Volleyball Championship

Women's Intramural volleyball came to a close with the Philodemic Society capturing the championship with an overall record of 11 wins and 1 loss. They held first place throughout the season with their only loss occurring in their last game.

Co-captains Kathy Flynn and Candy Gulstrand had a hard working and highly spirited group who showed not only individual strength but unity as a team. Over half the team was comprised of first year players who show prospects of a promising future. Outstanding were first year players Joan McMillan, Gail Maroni and veteran Ginny Wheeler.

Coming in second and third place were the Adelphians and Racketeers respectively. Final record of the seven competing teams is as follows:

Philos	11	1
Adelphians	9	3
Racketeers	8	4
Spirit of '69	4	3
Tokes	3	6
G.D.I.'s	2	4
Frosh	2	10

Finding the volleyball season to be successful with enjoyment for all participants, the W.A.A. wishes to thank all the volunteers who refereed the weekly games.

..See the faculty in action! On Wednesday evening at 7:30 there will be a Faculty-Student Volleyball game in Parkinson Gym to raise funds to bring Pat Finneron, Palmer Hall's foster child to FSC.

Everyone is invited to come see an action packed game between faculty and students. The student team will be made up of representatives from various clubs and classes. Tickets will be available at the door.

WAA NEWS

After an involved and tedious search for a solution to their problem, the W.A.A. Board decided at a recent meeting to no longer provide towels for the women's physical education classes because

the cost exceeds the money allotted by S.G.A. for this purpose. Board members have been trying to solve this problem for about two months and have found discontinuing towel service to be the only answer. Women will still be allowed to use the shower facilities in the gym if they provide their own towels.

W.A.A. is also in the process of organizing women's varsity basketball team. All those interested are urged to contact either Judy McTiernan or Shirley Griffin basketball chairmen. Girls are also reminded that the gym is still available on Thursday nights from 8:00 - 9:15 for basketball practice as well as any other sports.

On Tuesday nights the Fitchburg Y.M.C.A. swimming pool is available not only to complete the necessary swimming requirement but for all girls who enjoy this sport. Kathy Spellman, swimming chairman, is organizing women's intramural swimming competition, and if enough girls show interest, the program will begin early second semester on Tuesday nights at the Y.

Board members are trying to encourage spirit for varsity basketball and intramural swimming but they can not do it alone. All girls are urged to participate and help make the program a success.

Top row (left to right): Gail Maroni, Ginny Wheeler, Kathy Flynn, Candy Gulstrand, Gayle D'Amilio; bottom row (left to right): Elaine Watson, Barbara Robertson, Joan McMillan, Nancy King, Jo-Ann Larkin.

* Co-Captain
Head Manager: John Komer

FSC's hoopsters had a 6-3 record prior to the Castleton game. Things were looking good in the last win — a convincing 73-72 upset over Worcester State College. This game was the best one that the Falcons have played to date. Team work was a great factor as all five starters scored in double figures. Leading the parade were Pete Sardelis who just rejoined the team, with 19. Barry Finneron and Gary Nelson both popped 15 while Tom Kirklauskas had 11 and Pat Murphy 10. Defense was sharp and kept Worcester consistently in the doghouse.

SPORTS SCENE

With the end of the first semester, the first half of basketball intramurals closes. The turnout for these games has been very good and interest is high. Such a wave of enthusiasm has caused the MIB to look forward to the events for second semester. Basketball will have league representatives meeting in playoff competition to decide the overall championship.

Both wrestling and volleyball are planned for future events. In the spring softball will be conducted.

The MIB plans to hold the Olympics this year.

Pete Sardelis who just joined the team popped 19 against WSC in his debut.

Will the Soccer team have 4 captains next fall?

Baseball players will open spring training soon after basketball ends.

Spring training in Florida?
